CHELSEA NEEDS WESTERN BEEF

We, the undersigned, believe that Chelsea should continue to provide homes and services for low and moderate income people, not just the wealthy.

Many of our neighbors have relied on Western Beef to provide affordable food for their families. The cost of food in our other markets is prohibitively high. Western Beef is a much needed resource and we urge that every effort be made for their ongoing service to everyone in our community, providing quality food at affordable price.

Western Beef is very interested in remaining in Chelsea. We ask elected representatives to do everything in their power to facilitate the continuing availability of affordable grocery stores, such as Western Beef and help keep Chelsea a diverse, affordable neighborhood.

Name: Steven Skyler-Mulligan, President
